

JUNIOR .NET DEVELOPER

.Net, ASP.Net, C#, MS SQL Server, SDLC

ABOUT POLARIS:

Polaris Management Partners is a management consulting firm in New York City that provides consulting services for the life sciences industry. Our clients include all of the largest global pharmaceutical companies. We are a growing company with an entrepreneurial culture. The Polaris team includes members with experience from top consulting firms (e.g., Accenture, Boston Consulting Group, Booz Allen Hamilton, Deloitte, PWC), and pharmaceutical firms (e.g., Pfizer, Merck). Polaris provides a range of consulting offerings, focusing on healthcare compliance, process reengineering, and technology. Polaris has developed an industry reputation as a boutique firm with specialized industry knowledge and expertise. All Polaris team members have the opportunity to experience diverse and challenging projects. We offer promotion opportunities based on individual merit.

GENERAL RESPONSIBILITIES:

- Maintenance and support of current applications
- Develop, test, and implement new applications
- Analyze, enhance, and customize current applications
- Support quality assurance testing and production installations
- Create analysis, design, and test documents
- Provide technical support to internal consultants working on client projects
